

## JOHNS HOPKINS UNIVERSITY

### Master of Science in Counseling - Clinical Mental Health Counseling and School Counseling Concentrations

Federal regulations require Johns Hopkins to disclose to students considering enrollment or enrolled in this program whether or not it meets educational prerequisites for licensure or certification by state.

#### **Educational Prerequisites for Professional Licensure or Certification**

##### **School Counseling**

The program provides the required academic credits toward licensure in the state of Maryland, and requirements for other states vary. Prospective applicants are strongly encouraged to visit professional credentialing organizations for information on state requirements.
